

PROHIBITED AND RESTRICTED

Prohibited

And Restricted

Inline with Dubai Customs strategy towards protecting the economic, social and environmental security, with the aim of following up the latest updates related to the prohibited and restricted goods and recognizing the vital role Customs plays in the practical implementation of prohibition and restriction which comes as part of the efforts of the Legislations and Policies Division, Customs Tariff and Origin in introducing the prohibited and restricted goods list, the significance of the Prohibition and Restriction Section is presented in providing a clear picture about the adopted procedures at Dubai Customs with regards to implementing prohibition and restriction meeting the international standards. The Prohibition and Restriction Section aims to regulate rules and principles of prohibiting or restricting goods ensuring accurate execution in alignment with the GCC Customs Unified Law as well as other related laws and systems.
