List of lawyers and patent attorneys in Qatar

- non-binding -

As of January 2018

In Qatar it is not mandatory to be represented by a lawyer. However, experience has shown that the engagement of a lawyer is recommended. If you decide to not have an attorney you should ensure that you have an Arabic speaking interpreter. The lawyers' fees are freely agreed upon. Public associations that grant free legal advice do not exist in Qatar, nor is there any kind of facility offering free legal aid.
